Chad Norman Day, TCG President commented, **“Tahltan Territory is home to British Columbia’s resource rich 'Golden Triangle' and a booming mineral exploration industry. Mining has always been part of our culture, both in the past and in present-day times. For thousands of years, our people prospected, mined, and utilized obsidian for tools, weaponry, and trade. More recently, Tahltans supported miners during the gold rush and have had operating mines in our homelands for multiple generations. In partnering with Skeena, the Tahltan Nation is evolving and taking significant steps forward by becoming meaningful equity partners in these projects. Ownership provides the Tahltan Nation with a strong seat at the table as we continue our pursuit towards capacity building and economic independence for the Tahltan people.”**
